

ABDUL WAHID

React Developer • Full Stack Engineer • MERN Stack

☎ 03007664789 ✉ abdulwahidsheikh330@gmail.com 📍 Faisalabad, Pakistan [📁 Portfolio](#)

PROFESSIONAL SUMMARY

Results-driven React Developer with 2+ years of experience building scalable, high-performance web applications across enterprise and startup environments. Currently contributing to invoicing systems at Synergic Professionals (Jazz partner). Strong foundation in MERN Stack with a proven ability to lead teams, mentor interns, and deliver projects on time. Graduated with the highest CGPA (3.87) in the Computer Science department at the University of Faisalabad.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), Redux, HTML5, CSS3, Bootstrap, Material UI, Tailwind CSS

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, Mongoose, MySQL

Tools & DevOps: Git, GitHub, Postman, Netlify, Vercel

Other: Responsive Design, JWT Authentication, Cross-functional Collaboration

EXPERIENCE

React Developer • Front-End Developer • Synergic Professionals *July 2025 – Present*

Contribute to the full software development lifecycle, specializing in building high-performance React applications for enterprise clients.

- Reduced page load time by 40% on an invoicing system serving 10,000+ users (Zarr by Jazz)
- Delivered multiple production projects: Zarr Invoicing System, Digikhata, Alterna, Invoicex
- Collaborated with cross-functional teams including designers, QA, and product managers
- Implemented reusable component libraries that reduced development time across projects

Full Stack Developer • Senior Dev & Internee Manager • DevAmaze *Oct 2024 – June 2025*

Led end-to-end development of scalable web applications and managed a team of junior developers and interns.

- Mentored a team of 3+ junior developers and interns, overseeing code reviews and sprint delivery
- Architected and deployed full-stack features using MERN stack across multiple client projects
- Fostered a collaborative environment that ensured on-time delivery of scalable web solutions
- Bridged communication between technical teams and non-technical stakeholders

Frontend Development Intern • CSOFT System *June 2024 – Sep 2024*

Designed and developed responsive, user-centric interfaces as part of a structured internship program.

- Built responsive UIs using HTML5, CSS3, JavaScript, and Bootstrap
- Collaborated with designers, product managers, and QA teams to ensure smooth delivery
- Gained hands-on experience with real-world project workflows and version control

PROJECTS

Skill Swap — MERN Stack Web Application | [Live Demo ↗](#)

A full-stack, barter-based skill exchange platform where creative professionals trade services without monetary transactions. Users list skills they offer and request, connecting with others for mutual collaboration.

- Built end-to-end using **MongoDB, Express.js, React.js, and Node.js** (MERN Stack)
- Implemented **JWT-based authentication** for secure user sessions and data protection
- Designed a fully responsive UI accessible across all screen sizes and devices
- Enabled peer-to-peer service trading with user profiles, listings, and request management
- Deployed on Netlify with cloud-based backend infrastructure

Tech Stack: React.js · Node.js · Express.js · MongoDB · JWT · REST APIs · Bootstrap

EDUCATION

Bachelor of Computer Science

2021 – 2025

The University of Faisalabad, Faisalabad

- Graduated with highest CGPA in the department — **3.87 / 4.00**
- Final Year Research Project: Skill Swap (MERN-based peer-to-peer skill exchange platform)

LEADERSHIP & COMMUNICATION

- Managed and mentored junior developers and interns at DevAmaze, driving on-time project delivery
- Effectively translated complex technical requirements into clear roadmaps for non-technical stakeholders
- Consistently promoted collaborative team culture through structured code reviews and knowledge sharing
